about me

Hiya, nice to meet you! I'm a motivated and open-minded individual with a fondness for art and literature.

As an artist, I think in possibilities. I have endless ideas on how to solve problems.

Let's create together!

interests

Art and culture play a large role in my hobbies. I like reading fiction, fantasy and sci-fi books.

I have a broad appreciation for music, both listening and playing. I play the ukulele and the recorder. The genres I listen to most are indie, rock and instrumental.

You can also find me tinkering on my vintage van in my spare time.
